Registration certificate

Environmental Protection Act 1994

Registration certificate

No: ENRE00531606

This registration certificate is issued by the administering authority and is a replacement document for the original approval issued on: 14-JUN-2006.

The anniversary day for the purposes of the Annual Return remains: 10-MAR.

This registration certificate is a requirement of section 73F of the *Environmental Protection Act 1994* and authorises the registered operator to undertake the activities listed below at the following place; subject to the conditions set out in a development approval attached to the premises, or the relevant code of environmental compliance.

Registered Operator:-
Kidner Contracting Pty Ltd
Carrick Street
RAVENSHOE QLD 4888

Development Approval Number:-
FN0352

Place:-
Lot 2 Plan RP720865.

Located at:-
Tumoulin Road, RAVENSHOE QLD 4888.

Registered Activities:-
ERA 16 Extractive and screening activities Threshold 2(b) - extracting, other than by dredging, in a year, 5000t to 100000t of material.
ERA 16 Extractive and screening activities Threshold 3(a) - screening, in a year, 5000t to 100000t of material.

Notice

Environmental Operations

Decision — permit[1] application

This statutory notice is issued by the Environmental Protection Agency to advise of a statutory decision on a permit application under environmental and/or conservation legislation.

Kidner Contracting Pty Ltd
Carrick Street
RAVENSHOE QLD 4888

DESPATCHED
RL310 13972
19 JUN 2006

Project No: 242568

Our reference : CNS3262

Attention: Mr John Kidner

Re: Decision made in relation to your application under environmental legislation administered by the Environmental Protection Agency (EPA).

The EPA has assessed your application received on 30-MAY-2006 and wishes to advise you of the decision in regard to each application as specified below:

Application for	Reg Certificate No.	Decision
Continuing Registration under Environmental Protection Act 1994	ENRE00531606	Granted

Please note that for each approval, this Notice of Decision and the relevant attachments constitute the permit documentation. Please retain this approval documentation for your records.
If you require more information, please contact Chris Buckingham the Project Manager, on the telephone number listed below.

Environmental Protection Act 1994

LICENCE No. FN0352

Section 45
Section 60J(1)

Under the provisions of the *Environmental Protection Act 1994* this environmental authority is issued:

To: Kidner Contracting Pty Ltd
Address: Trading as Wongabel Quarries and Kidner Contracting Pty Ltd
Carrick Street
RAVENSHOE QLD 4872

FAXED
22 FEB 2000
TRANS No: 0284

in respect of carrying out the environmentally relevant activities at the following place(s):

DESPATCHED
23 FEB 2000
RL160222608

Wongabel Quarries - Wongabel
Lot 1, Plan RP732730
Parish of Barron, County of Nares
located at
Lot 1, Wongabel Road
ATHERTON QLD 4883

- ERA 20(b) Extraction of rock, etc. - 5,000 tonnes or more but < 100,000 tonnes per year
- ERA 22(b) Screening etc. materials - 5,000 tonnes or more but < 100,000 tonnes per year
- ERA 62 Concrete batching

Wongabel Quarries - Deep Creek
Lot 66, Plan N157396
Parish of Barron, County of Nares
located at
Lot 66, Deep Creek Road
ATHERTON QLD 4883

- ERA 20(b) Extraction of rock, etc. - 5,000 tonnes or more but < 100,000 tonnes per year
- ERA 22(b) Screening etc. materials - 5,000 tonnes or more but < 100,000 tonnes per year

Note: A Development Approval is required from Atherton Shire Council for the carrying out of the above activities at the specified sites.

MKS.

Kidner Contracting - Tumoulin
Lot 2, RP720865
Parish of Ravenshoe, County of Cardwell
Located at
Tumoulin Road
RAVENSHOE QLD 4872

- ERA 20(b) Extraction of rock, etc - 5,000 tonnes but <100,000 tonnes per year
- ERA 22(b) Screening etc materials - 5,000 tonnes or more but <100,000 tonnes

This environmental authority is issued subject to the conditions set out in the schedules attached to this environmental authority.

This licence takes effect from 10 March 2000.

signed

Nicole Buchanski
District Manager
Environmental Operations
Cairns District, Northern Region
Delegate of Administering Authority
Environmental Protection Act 1994

date 22 February 2000

THIS ENVIRONMENTAL AUTHORITY CONSISTS OF THE FOLLOWING PARTS:

PART 1 - CONDITIONS APPLICABLE TO ALL SITES

This part consists of the following schedules:

SCHEDULE 1.A - GENERAL CONDITIONS

SCHEDULE 1.B - DEFINITIONS

SCHEDULE 1.C – SITE PLANS

PART 2 - CONDITIONS APPLICABLE TO ENVIRONMENTALLY RELEVANT ACTIVITIES CARRIED OUT AT LOT 2, RP720865 TUMOULIN ROAD RAVENSHOE QLD

This part consists of the following schedules:

SCHEDULE 2.A - GENERAL CONDITIONS

SCHEDULE 2.B - AIR

SCHEDULE 2.C - WATER

SCHEDULE 2.D - TORMWATER MANAGEMENT

SCHEDULE 2.E - LAND APPLICATION

SCHEDULE 2.F - NOISE

SCHEDULE 2.G - WASTE MANAGEMENT

SCHEDULE 2.H - MONITORING AND REPORTING

SCHEDULE 2.I - DEFINITIONS

PART 1 - CONDITIONS APPLICABLE TO ALL SITES

SCHEDULE 1.A - GENERAL CONDITIONS

Integrated Environmental Management System (IEMS)

(1.A1) The holder of this environmental authority must amend the existing Integrated Environmental Management System to include environmentally relevant activities carried out at Lot 1 Wongabel Road and Lot 66 Deep Creek Road, Atherton:

(1.A2) The amended Integrated Environmental Management System required under condition number (1.A1)must provide for the following functions:

(a) the monitoring of releases of contaminants into the environment and an environmental assessment of the releases; and

(b) staff training and awareness of environmental issues; and

(c) the conduct of environmental and energy audits;

(d) waste prevention, treatment and disposal;

(e) a program for continuous improvement; and

(f) reporting arrangements on the effectiveness of the environmental management of the activities, and

(g) preparation and implementation of a Site Based Management Plan for each licensed place covered by this environmental authority.

(1.A3) The holder of this environmental authority must:

(a) on or before 1 July 2000, lodge a description of the amendments to the Integrated Environmental Management System and its documentation with the administering authority for its review and comment; and

(b) have due regard to that comment in the finalisation of the amended Integrated Environmental Management System; and

(c) on or before 1 September 2000, have completed and implemented the amended Integrated Environmental Management System.

(1.A4) A copy of the amended Integrated Environmental Management System must be kept at the licensed place.

END OF CONDITIONS FOR SCHEDULE 1.A

SCHEDULE 1.B - DEFINITIONS

For the purposes of this environmental authority the following definitions apply:

(1.B1) "Act" means the *Environmental Protection Act 1994.*

(1.B2) "administering authority" means the Environmental Protection Agency or its successor.

(1.B3) "the holder of this environmental authority" means Kidner Contracting Pty Ltd.

(1.B4) "licensed place" means:

(a) Wongabel Quarries - Wongabel
Lot 1 on RP732730
Parish of Barron County of Nares
located at
Lot 1 Wongabel Road
ATHERTON QLD 4883; and

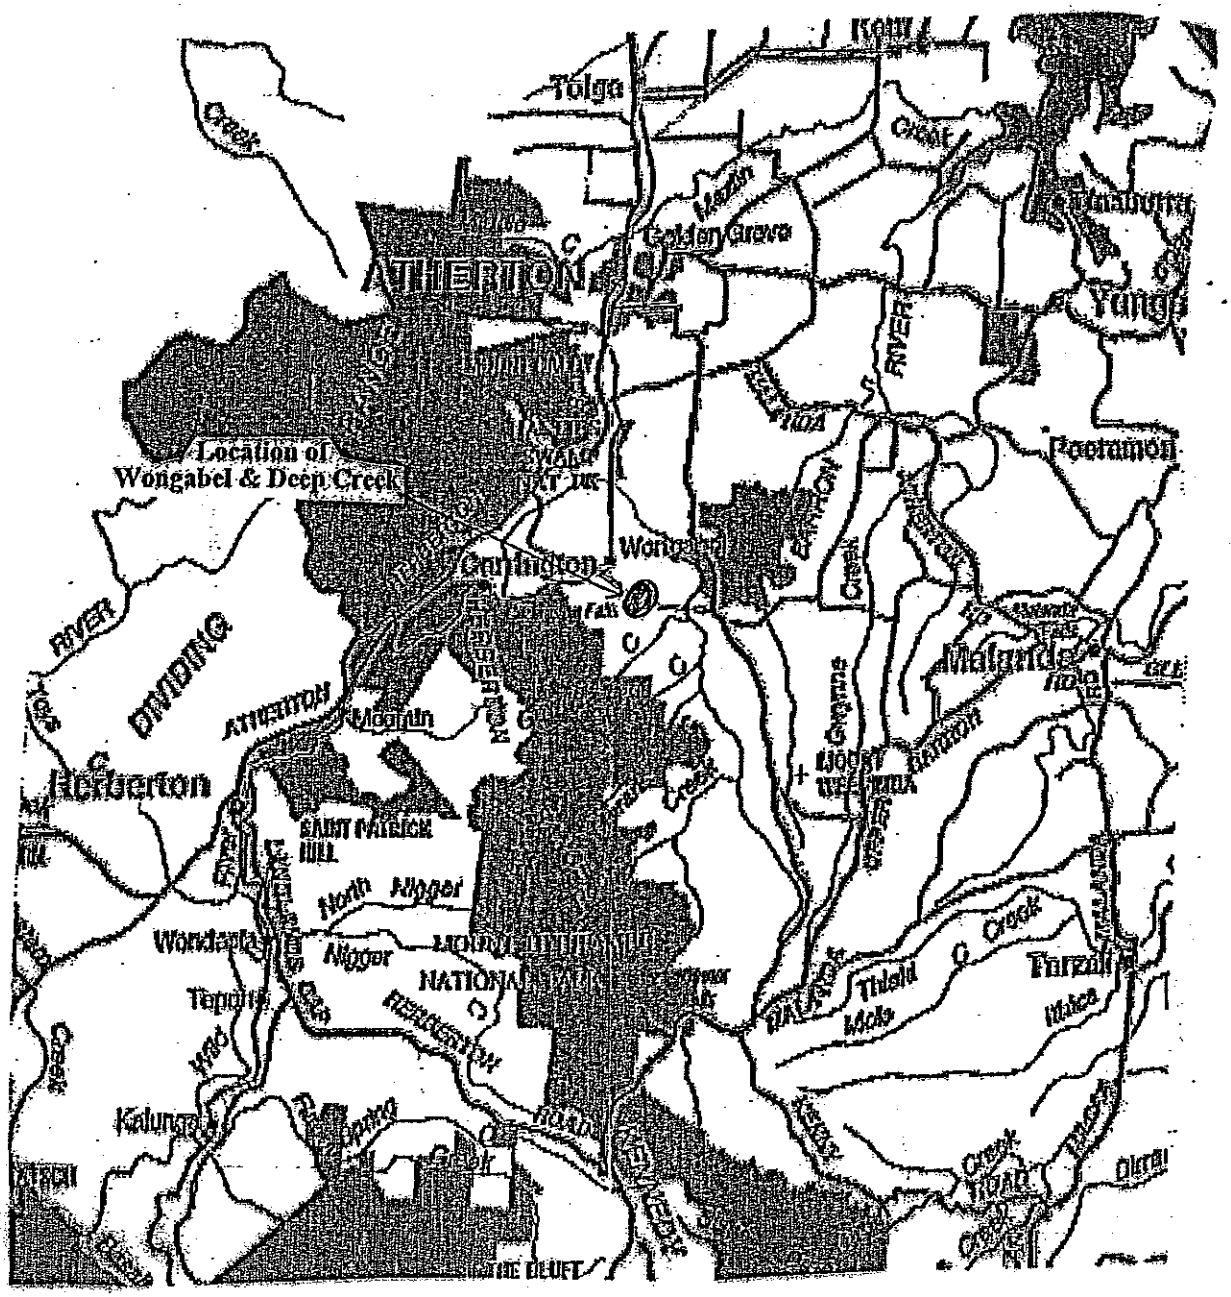

(b) Wongabel Quarries - Deep Creek
Lot 6 on N157396
Parish of Barron, County of Nares
located at
Lot 6 Deep Creek Road
ATHERTON QLD 4883; and

(c) Kidner Contracting - Tumoulin
Lot 2 RP720865
Parish of Ravenshoe, County of Cardwell
located at
Tumoulin Road
RAVENSHOE QLD 4872

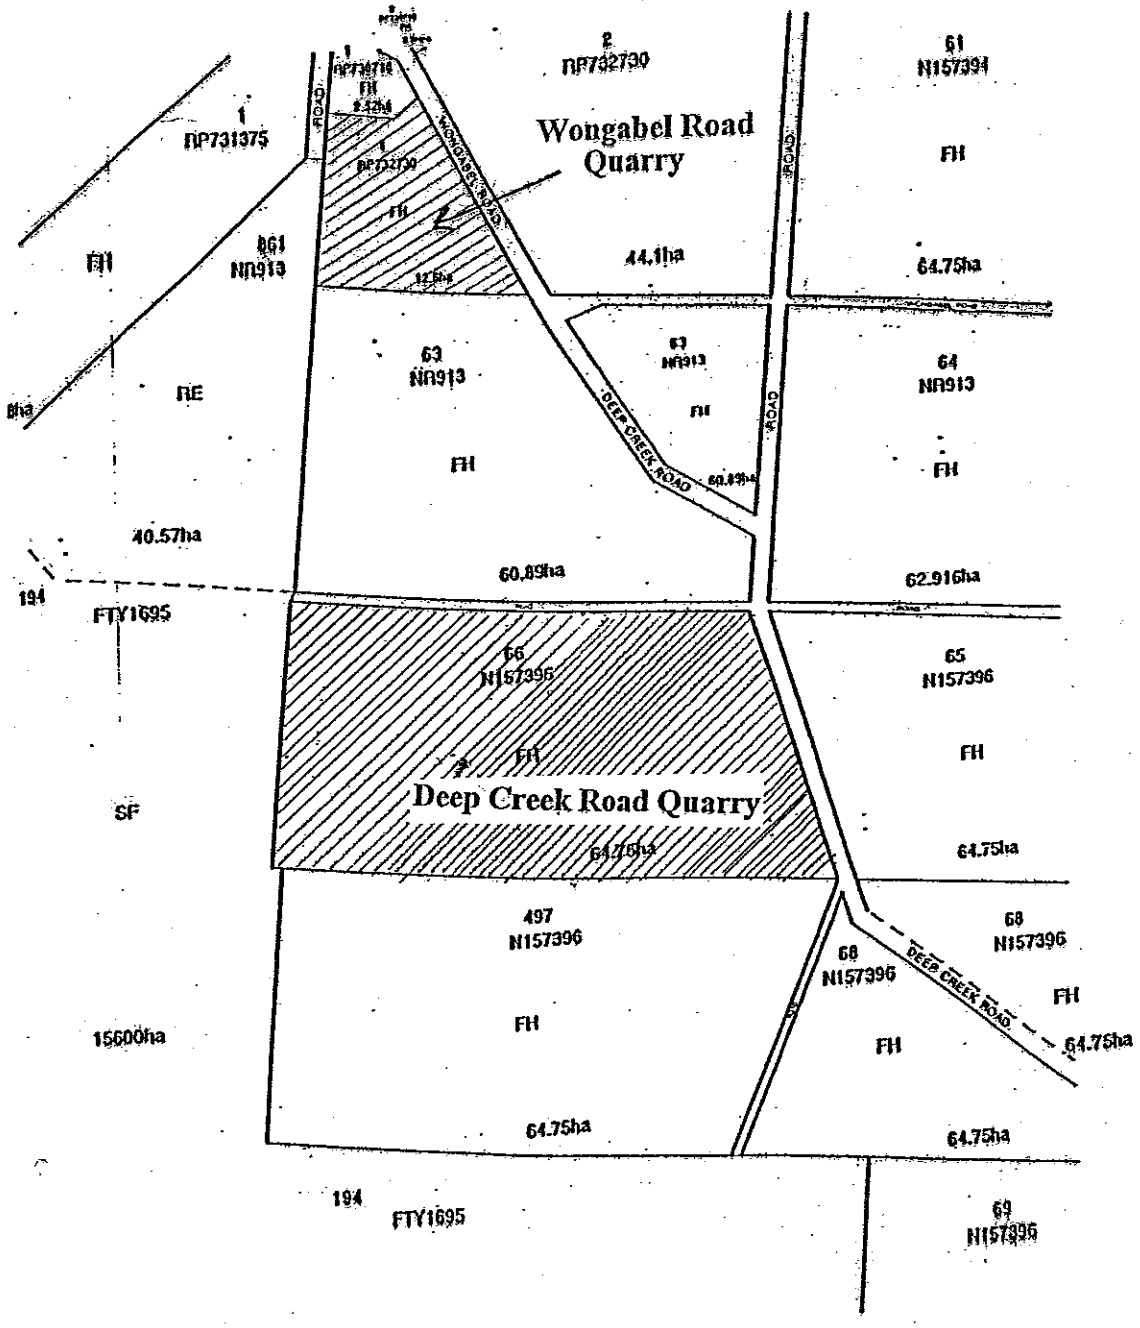

END OF CONDITIONS FOR SCHEDULE 1.B

SCHEDULE 1.C - LOCATION PLANS

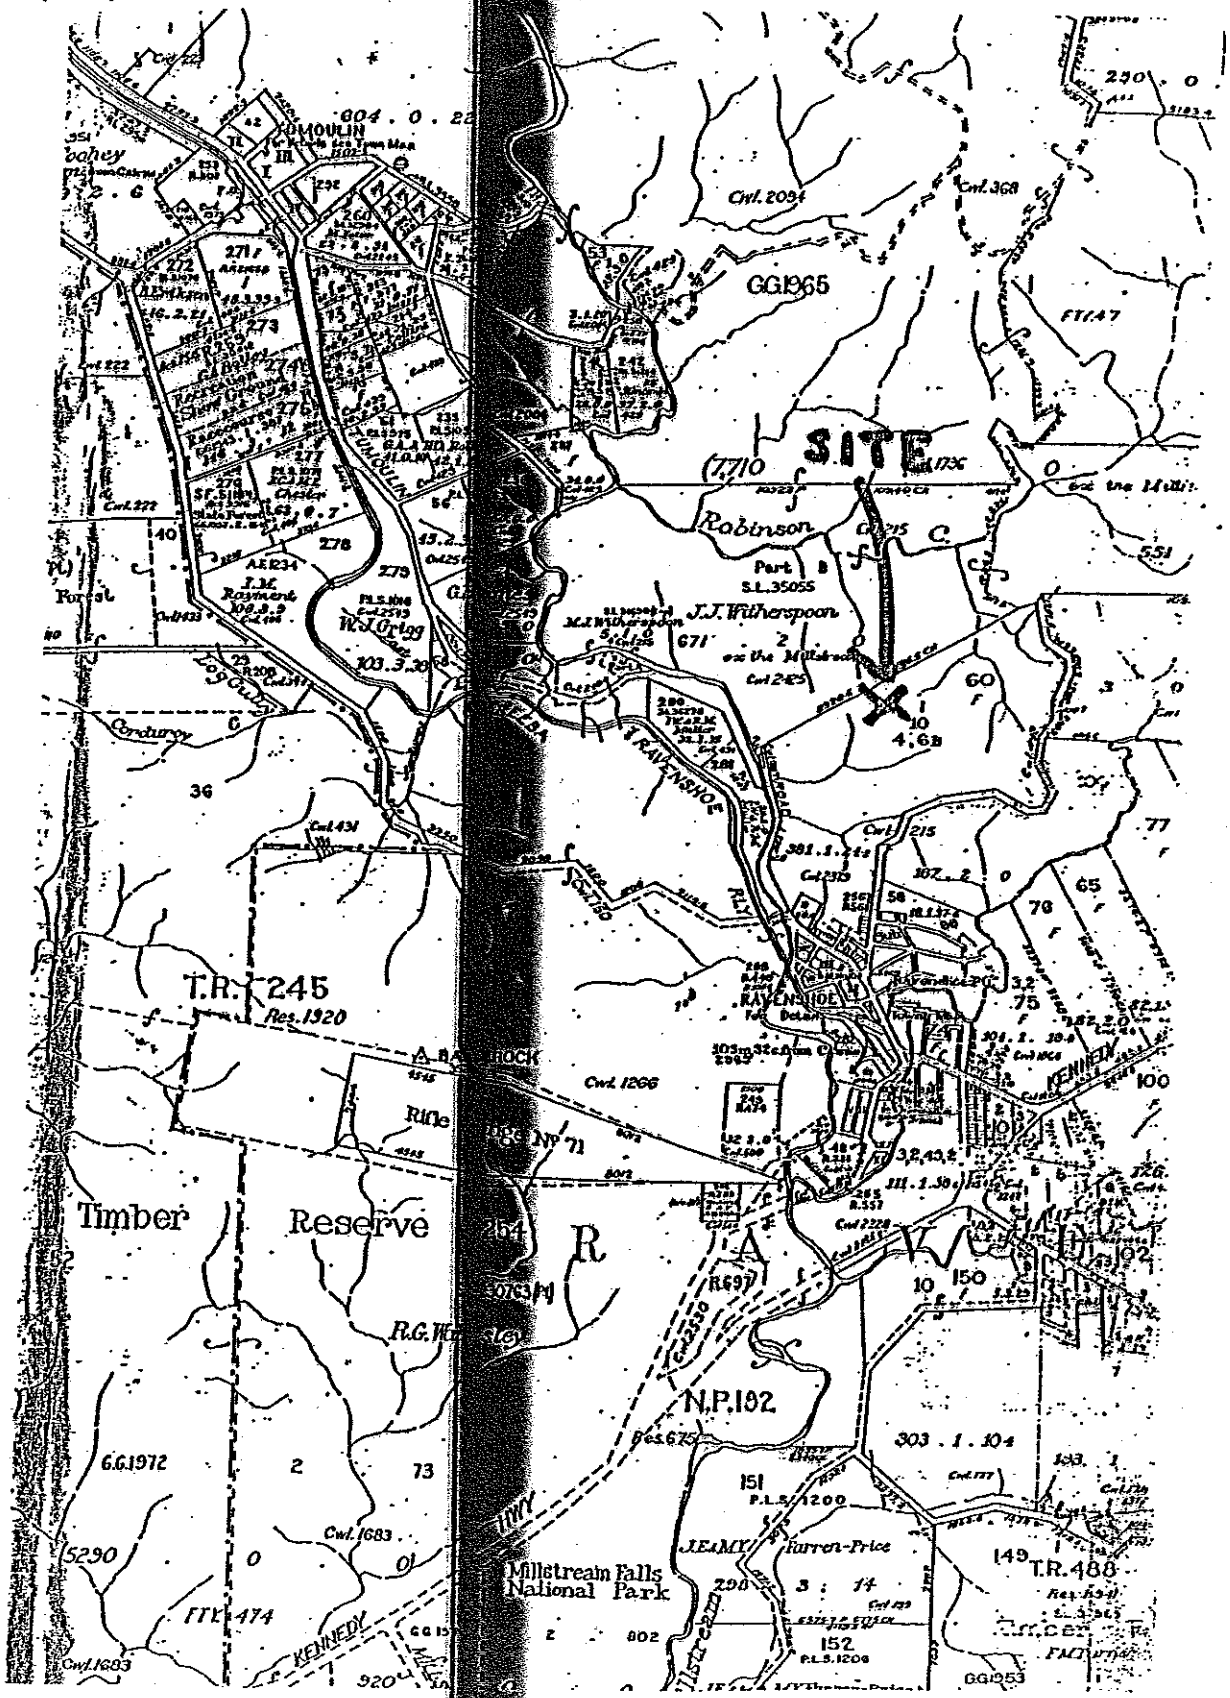

(1.C1) Location of Wongabel Quarries (Wongabel & Deep Creek)

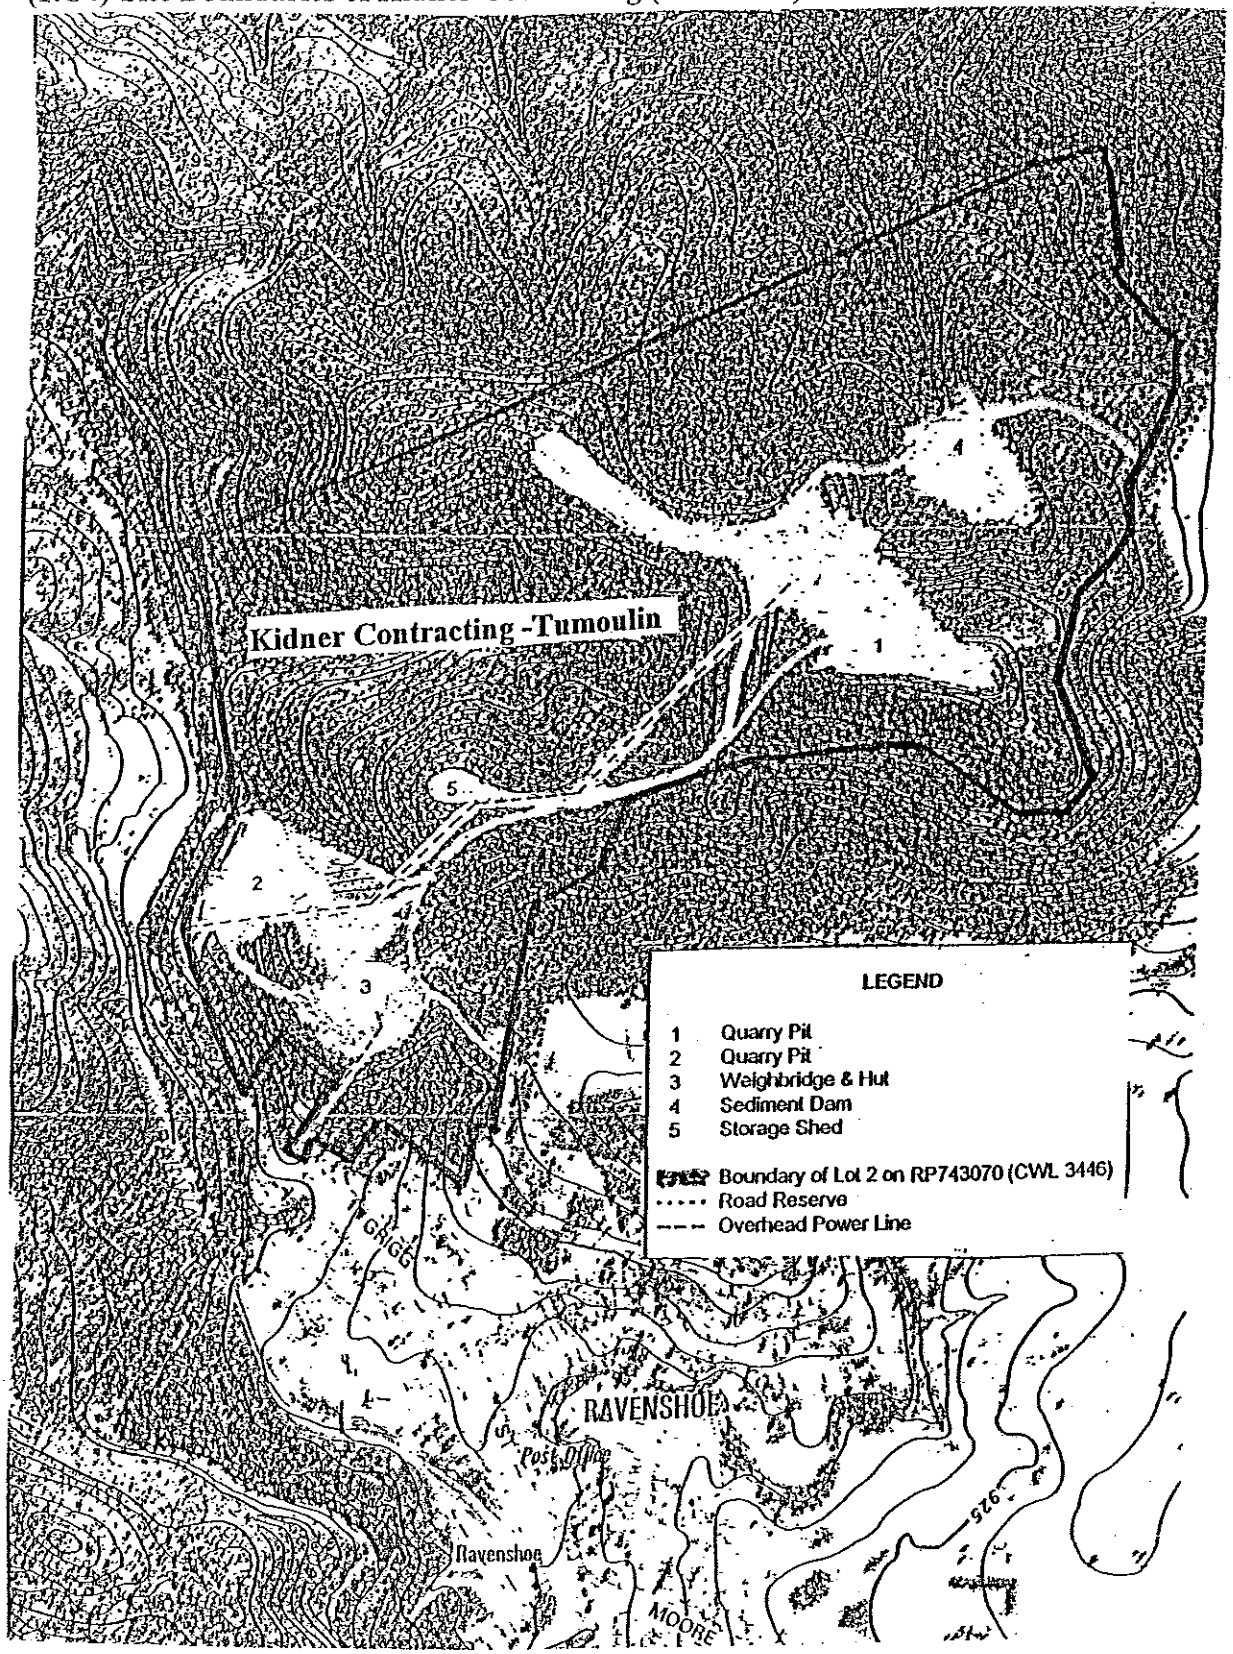

(1.C2) Site Boundaries of Wongabel Quarries (Wongabel & Deep Creek)

(1.C3) Location of Kidner Contracting (Tumoulin)

(1.C4) Site Boundaries of Kidner Contracting (Tumoulin)

END OF CONDITIONS FOR SCHEDULE 1.C

PART 2 - CONDITIONS ONLY APPLICABLE TO ENVIRONMENTALLY RELEVANT ACTIVITIES CARRIED OUT AT KIDNER CONTRACTING – TUMOULIN

SCHEDULE 2.A - GENERAL CONDITIONS

Display of Environmental Authority

(2.A1) A copy of this environmental authority must be kept in a location readily accessible to personnel carrying out the activity.

Records

(2.A2) Any record or document required to be kept by a condition of this environmental authority must be kept at the licensed place for a period of at least five (5) years and be available for examination by an authorised person. The record retention requirements of this condition will be satisfied if any daily and weekly records are kept for a period of at least three (3) years and these records are then kept in the form of annual summaries after that period.

Alterations

(2.A3) No change, replacement or operation of any plant or equipment is permitted if the change, replacement or operation of the plant or equipment increases, or is likely to substantially increase, the risk of environmental harm above that expressly provided by this environmental authority.

An example of a substantial increase in the risk of environmental harm is an increase of 10% or more in the quantity of the contaminant to be released into the environment.

Integrated Environmental Management System (IEMS)

(2.A4) The holder of this environmental authority must commence to implement the Integrated environmental Management System from the date this environmental authority takes effect.

(2.A5) A copy of the IEMS must be kept at the licensed place where practical.

Competency

(2.A6) The holder of this environmental authority shall ensure that the operation and maintenance of all plant and equipment associated with the environmentally relevant activities is carried out by or under the supervision of a person competent to operate and maintain the such plant and equipment.

END OF CONDITIONS FOR SCHEDULE 2.A

SCHEDULE 2.B - AIR

Dust Minimisation Traffic Movements

(2.B1) Temporary roads for soil or raw material haulage must be surfaced with suitable materials. Soft mud stone, clay stone and shale must not be used.

Loss of Materials During Transit

(2.B2) The tailgates of all trucks leaving the premises must be securely fixed prior to loading and immediately after unloading to prevent loss of materials.

(2.B3) Material won from the carrying out of the environmentally relevant activities and leaving the licensed place must be covered if the material being transported is susceptible to wind-blown releases or spillage. This covering must be installed prior to leaving the licensed place and maintained until immediately before unloading.

END OF CONDITIONS FOR SCHEDULE 2.B

SCHEDULE 2.C - WATER

(2.C1) Nil conditions.

END OF CONDITIONS FOR SCHEDULE 2.C

SCHEDULE 2.D - STORMWATER MANAGEMENT

Stormwater Management Plan

(2.D1) A copy of the Stormwater Management Plan must be kept at the licensed place where practical.

Bunding

(2.D2) All chemical drum storages must be bunded so that the capacity of the bund is sufficient to contain at least 25% of the maximum design storage volume within the bund.

(2.D3) All bunding must be constructed and maintained so as to be impervious to the materials being stored within it.

(2.D4) A collection sump must be provided in the floor of the bunded area to facilitate the removal of liquids. The bund floor must be graded so that the fall is towards the collection sump.

(2.D5) All empty bitumen precoat drums must be removed from the licensed place as soon as practicable.

Sediment and Erosion Control

(2.D6) Diversion drains, appropriate grades or equivalent must be installed to ensure surface waters from disturbed areas, including operational untrafficable areas, are diverted to the sediment dam, or as appropriate in some stockpile untrafficable areas, into large vegetation buffer strips for dispersal.

(2.D7) Effective erosion and sediment controls must be provided and maintained during site clearing. Such measures must include diversion drainage works and temporary sedimentation traps.

(2.D8) Drainage through and from all trafficable areas and production activities must be designed to minimise surface flow velocities.

(2.D9) Erosion control and sediment control structures must be maintained at all times and checked, repaired or replaced as required after each rain event.

END OF CONDITIONS FOR SCHEDULE 2.D

SCHEDULE 2.E - LAND APPLICATION

(2.E1) Nil conditions.

END OF CONDITIONS FOR SCHEDULE 2.E

SCHEDULE 2.F - NOISE

Emission of Noise

(2.F1) In the event of a complaint about noise that the administering authority considers is reasonable, then the emission of noise from the activity must not result in levels greater than those specified in Table 1 of the Noise Schedule until the circumstances which gave rise to the complaint are resolved.

Schedule F - Table 1

Noise Level at a Noise Sensitive Place Measured as the Adjusted Maximum Sound Pressure Level $L_{Amax\ adj,T}$	**Period**
Background noise level plus 5 dB(A)	7 am - 6 pm
Background noise level plus 5 dB(A)	6 pm - 10 pm
Background noise level plus 3 dB(A)	10 pm - 7 am
Noise Limits at a Commercial Place Measured as the Adjusted Maximum Sound Pressure Level $L_{Amax\ adj,\ T}$	**Period**
Background noise level plus 10 dB(A)	7 am - 6 pm
Background noise level plus 10 dB(A)	6 pm - 10 pm
Background noise level plus 8 dB(A)	10 pm - 7 am

Blasting

(2.F2) Noise emanating from blasting operations must not exceed an over-pressure level of 120 dB (linear peak) for more than 5% of the total number of blasts when measured at any noise sensitive place or commercial place.

(2.F3) Noise emanating from blasting operations must not exceed an over-pressure level of 125 dB (linear peak) at any time when measured at any noise sensitive place or commercial place.

(2.F4) Ground vibration caused by blasting operations must not exceed a peak particle velocity of ten (10) for more than 5% of the total number of blasts carried out over any twelve (12) month period, when measured at any point within one (1) metre of any residential boundary or in or on any other noise sensitive place.

END OF CONDITIONS OF SCHEDULE 2.F

SCHEDULE 2.G - WASTE MANAGEMENT

Waste Management Plan (WMP)

(2.G1) A copy of the Waste Management Plan must be kept at the licensed place.

END OF CONDITIONS FOR SCHEDULE 2.G

SCHEDULE 2.H - MONITORING AND REPORTING

Complaint Recording

(2.H1) All complaints received by the holder of this environmental authority relating to releases of contaminants from operations at the licensed place must be recorded and kept with the following details:

(a) time, date and nature of complaint;

(b) type of communication (telephone, letter, personal etc.);

(c) name, contact address and contact telephone number of complainant (Note: if the complainant does not wish to be identified then "Not identified" is to be recorded);

(d) response and investigation undertaken as a result of the complaint;

(e) name of person responsible for investigating complaint; and

(f) action taken as a result of the complaint investigation and signature of responsible person.

Notification of Emergencies and Incidents

(2.H2) Where the holder of this environmental authority has not given notification to the administering authority under section 37 of the *Environmental Protection Act 1994*, as soon as practicable after becoming aware of any emergency or incident which results in the release of contaminants not in accordance, or reasonably expected to be not in accordance with the conditions of this environmental authority, the holder of this environmental authority must notify the administering authority of the release by telephone or facsimile.

(2.H3) Where the holder of this environmental authority has not given notification to the administering authority under section 37 of the *Environmental Protection Act 1994*, the notification of emergencies or incidents as required by condition number (2.H2) must include but not be limited to the following:

(a) the holder of this environmental authority;

(b) the location of the emergency or incident;

(c) the number of the environmental authority;

(d) the name and telephone number of the designated contact person;

(e) the time of the release;

(f) the time the holder of this environmental authority became aware of the release;

(g) the suspected cause of the release;

(h) the environmental harm and or environmental nuisance caused, threatened, or to be caused by the release; and

(i) actions taken to prevent further any release and mitigate any environmental harm and or environmental nuisance caused by the release.

(2.H4) Where the holder of this environmental authority has not given notification to the administering authority under section 37 of the *Environmental Protection Act 1994*, not more than fourteen (14) days following the initial notification of an emergency or incident, the holder of this environmental authority must provide written advice of the information supplied in accordance with condition number (2.H3) in addition to:

(a) proposed actions to prevent a recurrence of the emergency or incident

(b) outcomes of actions taken at the time to prevent or minimise environmental harm and or environmental nuisance.

END OF CONDITIONS FOR SCHEDULE 2.H

SCHEDULE 2.I - DEFINITIONS

For the purposes of this part of the environmental authority the following definitions apply:

(2.I1) "L(Amax adj,T)" means the average maximum A-weighted sound pressure level, adjusted for noise character and measured over a time period of not less than fifteen (15) minutes, using Fast response.

(2.I2) "background noise level" means L (A90,T) being the A-weighted sound pressure level exceeded for ninety (90) percent of the time period not less than fifteen (15) minutes, using Fast response.

(2.I3) "noise sensitive place" means:

(a) a dwelling, mobile home or caravan park, residential marina or other residential premises; or

(b) a motel, hotel or hostel; or

(c) a kindergarten, school, university or other educational institution; or

(d) a medical centre or hospital; or

(e) a protected area; or

(f) a park or gardens.

(2.I4) "commercial place" means a place used as an office or for business or commercial purposes.

(2.I5) "licensed place" means for this part only Kidner Contracting - Tumoulin, Lot 2, RP720865, Parish of Ravenshoe, County of Cardwell located at Tumoulin Road, Ravenshoe Qld 4872.

END OF CONDITIONS FOR SCHEDULE 2.I

END OF ENVIRONMENTAL AUTHORITY
