Environmental Authority No. M1560 **(mining activities)**

Section 155 Environmental Protection Act 1994

This environmental authority is granted under the Environmental Protection Act 1994 and includes conditions to minimise environmental harm caused, or likely to be caused, by the authorised mining activities. An environmental authority (mining activities) may be for mining activities authorised (under the Mineral Resources Act 1989) to occur under one of the following mining tenements: a prospecting permit; mining claim; exploration permit; mineral development licence; or mining lease. In general, a mining activity means: prospecting, exploring, mining; or processing minerals; remediation; rehabilitation; and includes facilitation and supporting activities and any action taken to prevent environmental harm.

Under the provisions of the
Environmental Protection Act 1994 this environmental authority is issued to:

ANDERSON Lloyd David and ANDERSON Paul Gerhardt
 RMB 5620
 Marshals Road
 via Hayfield VIC 3858

in respect of carrying out activities as part of the following mining project:

Type of environmental authority (mining activities)	Authorised mining tenements	Location

Schedule of conditions

This environmental authority consists of the following schedules of conditions relevant to various issues:

- Schedule A - General conditions
- Schedule B – Additional conditions for Environmentally Sensitive Areas

Schedule A - General conditions

- (A1) The conditions of this environmental authority are in force until a surrender of the authority is accepted pursuant to the *Environmental Protection Act 1994*. The conditions apply unless an amendment is approved pursuant to the *Environmental Protection Act 1994*.
- (A2) The environmental authority holder is to give the administering authority a financial assurance in the amount and form and at a time required by the administering authority.
- (A3) The environmental authority holder must comply with each of the Standard Environmental Conditions contained in the *Code of Environmental Compliance for Mining Lease Projects*¹ dated January 2001.

END OF CONDITIONS FOR SCHEDULE A

Schedule B – Additional conditions for Environmentally Sensitive Areas

- (B1) The holder of the environmental authority is authorised to carry out standard mining activities on the relevant mining lease within 1 km of, but not in, a Category B Environmentally Sensitive Area provided that activities do not cause any significant environmental harm. Refer to the attached map.

Environmentally sensitive areas identified within and adjacent to ML 1984 are listed in the table below.

Category	Land Area Classification	General location	Who to contact
B	Endangered Regional Ecosystem (including but not limited to): 11.3.2 11.3.i 11.3.25	Refer to attached map.	EPA District Manager PO Box 906 Emerald QLD QLD 4720 Ph: (07) 4982 4555

The "Endangered Regional Ecosystems", are classified by Sattler & Williams, 1997

Condition B1 is a condition that overrides the Standard Environmental Condition (SEC) 14 to the extent that SEC 14 prohibits the holder of the environmental authority carrying out mining activities within 1 km of a Category B Environmentally Sensitive Area.
