

Notice of Decision

Transfer Application

This notice is issued by the Department of Environment and Heritage Protection (EHP) to advise of a statutory decision made under section 264 of the Environmental Protection Act 1994.

The Mining Registrar
Department of Natural Resources and Mines
PO Box 62
CHARTERS TOWERS QLD 4820

Our Reference: 172600

Dear Sir/Madam

Re: Transfer of Environmental Authority (mining activities) No. EPSL00181513

Please note that new permit profiles have been implemented and as a result the reference number of the Environmental Authority has changed from MIC200837808 to EPSL00181513.

The department has assessed the application to transfer Environmental Authority (mining activities) No. EPSL00181513 from Maximus Resources Ltd to Nedex Pty Ltd, Howlett Plant Pty Ltd, Kemp Mining Services Pty Ltd and Inkex Pty Ltd and advises that the application has been granted.

The relevant mining tenement approved for transfer is ML10269. Please discharge the financial assurance held for Environmental Authority EPSL00181513 to the transferor when lodgement of the financial assurance, to the amount of \$2,841.30 has been received from the transferees.

This Notice of Decision and the Environmental Authority constitute the permit documentation.

Please note that the transferees must, within 10 business days of receiving notification of the transfer, give each owner of the land to which the Environmental Authority relates written notice that the authority has been transferred to the transferee.

If the Environmental Authority holder becomes aware of any inconsistency between the amended Environmental Authority and the plan of operations, the plan must be amended within 28 days, in a way so that it is no longer inconsistent with the authority.

The conditions of the Environmental Authority are in force until a surrender of the Authority is approved pursuant to the Environmental Protection Act 1994. The conditions apply unless an amendment is approved pursuant to the Environmental Protection Act 1994.

If you require more information please contact Margaret Jones on 1300 130 372.

Notice of Decision
Transfer Application

Yours sincerely

Anthony Schmid

Additional information for applicants

Environmentally relevant activities

The description of any environmentally relevant activity (ERA) for which an environmental authority is issued is a restatement of the ERA as defined by legislation at the time the approval is issued. Where there is any inconsistency between that description of an ERA and the conditions stated by an environmental authority as to the scale, intensity or manner of carrying out an ERA, then the conditions prevail to the extent of the inconsistency.

¹ Permit includes licences, approvals, permits, authorisations, certificates, sanctions or equivalent/similar as required by legislation

Permit
Environmental authority

An environmental authority authorises the carrying out of an ERA and does not authorise any environmental harm unless a condition stated by the authority specifically authorises environmental harm.

A person carrying out an ERA must also be a registered suitable operator under the *Environmental Protection Act 1994* (EP Act).

Contaminated land

It is a requirement of the EP Act that if an owner or occupier of land becomes aware a notifiable activity (as defined in Schedule 3 and Schedule 4) is being carried out on the land, or that the land has been, or is being, contaminated by a hazardous contaminant, the owner or occupier must, within 22 business days after becoming so aware, give written notice to the chief executive.

Obligations under the *Environmental Protection Act 1994*

In addition to the requirements found in the conditions of this environmental authority, the holder must also meet their obligations under the EP Act, and the regulations made under the EP Act. For example, the holder must comply with the following provisions of the Act:

- general environmental duty (section 319)
- duty to notify environmental harm (section 320-320G)
- offence of causing serious or material environmental harm (sections 437-439)
- offence of causing environmental nuisance (section 440)
- offence of depositing prescribed water contaminants in waters and related matters (section 440ZG)
- offence to place contaminant where environmental harm or nuisance may be caused (section 443)

Conditions of environmental authority

The conditions of approval for this environmental authority are standard conditions contained within the attached document(s) entitled:
