| Mineral Development | MDL344               |        |

### Conditions of Approval

#### Permit details:

#### Authorised Mining Tenements

| Tenure Type | Tenure Number |
|-------------|---------------|
| MDL         | 344           |

#### Agency interest: General

- G1 The conditions of this environmental authority are in force until a surrender of the authority is accepted pursuant to the Environmental Protection Act 1994. The conditions apply unless an amendment is approved pursuant to the Environmental Protection Act 1994.
- G2 The environmental authority holder is to give the administering authority a financial assurance in the amount and form and at a time required by the administering authority.
- G3 The environmental authority holder must comply with each of the Standard Environmental Conditions contained in the Code of Environmental Compliance for Exploration and Mineral Development Projects (January 2001).
- G4 If a 'valid from' date is not stated on this document, the environmental authority takes effect on grant, under the Mineral Resources Act 1989, of each of relevant mining tenements.
- G5 Important Note: Standard Environmental Condition 13 of the Code of Environmental Compliance for Exploration and Mineral Development Projects (January 2001), imposes certain restrictions on mining activities within or adjacent to Category A, B or C environmentally sensitive areas. Endangered Regional Ecosystems were identified within MDL344, please refer to the attached map and information sheet.

<sup>1</sup> Permit includes licences, approvals, permits, authorisations, certificates, sanctions or equivalent/similar as required by legislation administered by the Environmental Protection Agency and the Queensland Parks and Wildlife Service.
