Dear Sir/Madam,

Our Reference: 343786

Re: Transfer of environmental authority (mining activities) No. MIN201001309 (Amended Decision)

The department has re-issued environmental authority (mining activities) No. MIN201001309 following the transfer from Aurogen Mining Pty Ltd to Australia Gold Mining Pty Ltd, as a result of incorrect conditions being listed on the permit.

The relevant mining tenements approved for transfer are ML3327, ML3326 and ML6781. Please discharge the financial assurance held for environmental authority MIN201001309 to the transferor when lodgement of the financial assurance of \$9,100.30 has been received from the transferee.

This Notice of Decision and the environmental authority constitute the permit documentation.

Please note that the transferee(s) must, within 10 business days of receiving notification of the transfer, give each owner of the land to which the environmental authority relates written notice that the authority has been transferred to the transferee.

If the environmental authority holder becomes aware of any inconsistency between the amended environmental authority and the plan of operations, the plan must be amended within 28 days, in a way so that it is no longer inconsistent with the authority.

If you require more information please contact Shari Sievers on 1300 130 372.
