Notice

Environmental Protection Act 1994

Amendment of an environmental authority and PRCP schedule by written agreement

This non-statutory notice is issued by the administering authority to advise that the environmental authority has been amended by written agreement with the environmental authority holder under section 215(1)(b) of the Environmental Protection Act 1994.

To: QUEENSLAND COKING COAL PTY LTD;
QLD AUST NO.1 PTY LTD
c/o QUEENSLAND COKING COAL PTY LTD
Suite 2, Level 6
12 Creek Street
BRISBANE CITY QLD 4000

ATTN: Dave Moss – General Manager – METServe
Email: dave.moss@metserve.com.au

Our reference: EA0002912

Amendment of an environmental authority by written agreement

1. Environmental authority details

Environmental authority number **EA0002912** and PRCP schedule **PRCP_EA0002912_V3** dated 7 February 2022.

Land description: ML700060, MDL3039.

2. Amendment of environmental authority

On 11 February 2022 and 16 February 2022 the administering authority wrote to you to request written agreement to amend the environmental authority and PRCP schedule as follows:

- Remove the tenure location MDL3039; and
- amend the environmental authority as follows:
  - Remove **PART B – Conditions of MDL3039**
  - Insert new condition **G3**—
    - "Rehabilitation of all land disturbed by activities on ML700060 at the time of grant of ML700060 remains the responsibility of the environmental authority holder, excluding the pre-existing flood diversion levee.

Queensland Government

NOTE:
The pre-exiting flood diversion levee is the levee constructed by the landowner prior to commencement of activities, as depicted by ***Figure 2 – Rehabilitation Areas*** *of the* PRCP schedule PRCP_EA0002912*, and which will be left by agreement with the landowner as retained infrastructure.*"

- Remove condition **A-A4** and references to condition **A-A4** and/or "commencement of activities" in subsequent conditions, inserting specific dates where relevant.
- Remove condition **E-A3** for Baseline Groundwater Monitoring Prior to Commencement of Activities.
- Update groundwater exceedance trigger investigation requirements in conditions **E-A10** to **E-A14**, including new conditions **E12** and **E13**—
  - **E12**

    "**Trigger Investigation**

    The trigger investigation required by condition E8 and E10 must be completed within **fourteen (14) days** of receiving results to determine if the exceedance is a result of:

    (a) activities authorised under this environmental authority;

    (b) natural variation; or

    (c) neighbouring land use resulting in groundwater impacts."
  - **E13**

    "The holder of this environmental authority must provide a report of the **Trigger Investigation** to the administering authority within **fourteen (14) days** of completing the investigation under condition **E12**."

On 16 February 2022 the administering authority received written agreement from you for the requested amendments. Environmental authority **EA0002912** and PRCP schedule **PRCP_EA0002912_V4** have been amended and are attached with this notice.

Should you have any questions about the notice, please contact the department on the contact details provided below.

	18 February 2022
