

Information Request Response for Amendment Application to PRCP_EA100114091_V1

Coking Coal One Pty Ltd

3 November 2022

The table below provides responses to comments provided by the administering authority via email communication on 1 November 2022 in response to an a PRCP schedule amendment application submitted on 31 October 2022.

Document	Comment	Requirement	Response
Supporting information document	An updated rehabilitation planning part has not been provided as per requirements of Section 226B of the EP Act.	An amendment application for a PRCP schedule must be accompanied by an amended rehabilitation planning part for the holder's PRCP that complies with section 126C in relation to the proposed amendment. If the rehabilitation planning part is not proposed to change, then a statement to that effect and the current rehabilitation planning part should be provided as part of the amendment.	Section 3 of the supporting document now includes a statement confirming the approve rehabilitation planning part will remain unchanged as part of this amendment application.
Supporting information document and Proposed Schedule	The document states, "BCC seeks changes to the PRCP schedule that reflect the revised commencement timing. Applying the same approved timeframes, the first PRCP schedule	Confirm the new dates proposed and whether the same approved periods of time from the current schedule are being adopted.	For clarification, the amendment request is to move forward all approved dates by three years not three years and 2 months. This is on the basis mine construction will begin in Quarter 1 (January) 2024 as

Document	Comment	Requirement	Response
	commencement of the first milestone (RM4 of RA3) being September 2025, then 2026 and so on. The general approach would be moving the current PRCP schedule dates forward by 38 months, or 3 years and 2 months.” The proposed schedule document proposes extended timeframes by a period of only three (3) years. For example, the timeframe for RM4 of RA3 has been changed to June 2025, as opposed to September 2025.	Update the supporting document for clarity.	opposed to January 2021 as was originally intended in the EA and PRCP application materials. BCC does not request to alter the approved periods of time for the commencement of the first milestone or the timeframe in between milestones. Section 3 of the amendment supporting document has been corrected to align with the proposed changes to the PRCP schedule as provided in the 28 October 2022 amendment submission.
Table 4. Threshold Assessment Table of the supporting information document	The table addresses the definition of minor amendment (threshold) for an EA under section 223 of the EP Act, as opposed to the definition of minor amendment (PRCP threshold) for a PRCP schedule.	Provide information in relation to the requirements of a minor amendment for a PRCP schedule.	The Table in Section 4 has been corrected to assess against the criteria stated in section 223 definition for ‘minor amendment (PRCP threshold)’.
