Application for temporary emissions licence (TEL) for the release of flood water at Dawson mine site

Thank you for your application for a temporary emissions licence. Your application, which was received by this office on 7.31 AM on 1 February 2013, has been granted as submitted.

This temporary emissions licence commences on **1 February 2013** and ends on 15 February 2013.

The licence permits the following emissions:

The release of mine affected water as described in conditions W4 - W6 of the TEL application and supporting information.

The licence overrides the following conditions of approval number **MIN102711811**

W8;

Notwithstanding any other condition of this environmental authority, the release of contaminants to waters must only take place during periods of natural flow events specified as minimum flow in Table 4 for the contaminant release point(s) specified in Table 1

The following conditions apply to this licence:

- The EA holder must undertake the requirements of the Dawson Mine Temporary Emissions Licence Stakeholder Consultant Plan, for the period of this release.
- The EA holder must comply with conditions W4 – W6, as specified the TEL application
- Monitoring and management of all emissions must be undertaken by the EA holder, as depicted in the TEL application, and supporting information.

Notice to prepare a draft transitional environmental program
