Application for temporary emissions licence (TEL) for release of floodwater at Callide Coal Mine.

Thank you for your application for a temporary emissions licence. Your application, which was received by this office on 23 February 2015, has been granted as submitted.

This temporary emissions licence commences on 24 February 2015 and ends on 7 April 2015.

The licence permits the following emission:

Release of water from Boundary Hill open cut pits BHNS26 and BHCC03 to Campbell's Creek, as described in the *Application for a Temporary Emissions Licence, version 5 (EM763)*, received 23 February 2015.

The licence overrides the following conditions of your environmental authority, approval number EPML00720413 :

- **Condition E1:** *Contaminants that will, or have the potential to cause environmental harm must not be released directly or indirectly to any waters as a result of the authorised mining activities, except as permitted under the conditions of this environmental authority.*
- **Condition E2:** *Unless otherwise permitted under the conditions of this environmental authority, the release of mine affected water to waters must only occur from the release points specified in Table E1 of this environmental authority.*

The following conditions apply to this licence:

The environmental authority holder is permitted to release mine affected water to the receiving environment in accordance with conditions E1 to E29 of environmental authority EPML00720413.

- **Condition TEL1:** *The environmental authority holder is authorised to release mine affected water to Campbell's Creek in accordance with **Table 1: Temporary emissions licence release points and limits** and **Attachment 1: Approved temporary emissions licence release points** (attached).*
